Foreign VAT exposure often results from VAT incurred on:

FUEL COSTS

The purchase fuel for road, rail and air freight can be costly and are recurring expenses for logistics and transportation companies. The VAT incurred on the purchase of fuel may be eligible for VAT recovery, cutting your fuel expense by up to 27%.

CONSUMABLES AND PACKAGING

Many logistics companies collect data on their fleets and need packaging for many different types of products. This leads to costs associated to electronic consumables used for tracking of fleets, specialised packaging, communication equipment and more. There are many financial and contracting implications. Understanding the impact of VAT on your consumables and packaging costs can help you avoid budgeting pitfalls and ensure maximum VAT savings.

HOSTING AND ATTENDING OF MEETINGS & EVENTS, CONVENTIONS, & TRADE SHOWS

Tradeshows, meetings, events, and conferences in the logistics and transportation industry generates huge spend and could be eligible VAT for recovery. VAT on event registration, attendance fees, transport costs and accommodation expenses are just some of the categories that can be eligible for up to 27% cost savings.

OTHER HIGH VALUE EXPENSES

- Costs of acquiring vehicles, aircraft, ships, trains used in transportation/ logistics
- R&D Costs for logistics operations and supply chain optimisation
- Warehousing
- Import VAT: Sourcing of external products/ packaging needed for shipping
- Training courses or seminars for employees
